December 17/14 – attended an emergency meeting of the Peninsula Recreation Commission to approve a contract award for Phase 1 of the Refrigeration Mechanical Systems Upgrade. This is the ice creation mechanism for the ice rinks at the Panorama. The reason for the emergency is the need to have this machinery in place to create ice for the September programs.

The minutes of the meeting are attached and the staff report on the failure of the refrigeration plant and need for care in timing are in the reading room.
